MEMORANDUM FOR:

OS/PPG

STAT

FROM:

Legislation Division, OLL

STAT

SUBJECT:

Polygraph Legislation

As you are aware from our previous conversations, the Office of Legislative Liaison is undertaking an effort to modify H.R. 2403, which prohibits the use of polygraphs in private business, so the proposed bill will not impact on the Industrial Polygraph Program. As part of that effort, it may be necessary to brief either Congressman McKinney, who introduced the bill, or his staff, on the Industrial Polygraph Program. If such a briefing is necessary, it would be useful to have some statistical information on the number of contractors participating in the program and the effectiveness of the program as a screening device. Your cooperation in obtaining this information would be appreciated.
